# 12 Communities Served

# Evolving Mission and Vision

---

**1992**

We pledge ourselves to working together to build healthier communities through community-based prevention planning and health promotion.

**2000**

We envision that each and every community will be a safe and supportive environment that empowers community members to develop self-esteem and personal responsibility to make positive and healthy life choices.

# Focus on Healthy Communities Principles

---

- A broad definition of "health"
- A broad definition of "community"
- Shared vision from community values
- Diverse citizen participation
- Widespread community ownership
- Focus on systems change
- Build capacity using local assets and resources
- Benchmark and measure progress and outcomes

*Since FY 2006, CHNA 15 funded nine Healthy Community Planning Grants totaling \$134,499 and nine Healthy Community Implementation Grants totaling \$222,500.*

# Collaboration at Work

---

- The CHNA-15 process was shaped by the people who participated, by the unique needs that they identified, the specific resources available in the community, and the responsive plan they created.
- Grants provided project support that depended on meaningful collaboration between organizations and communities.
- The collaborations supported by CHNA-15 resulted in systemic changes that will last over time.

Since FY 2014 CHNA 15 funded 18 Collaborative Grants totaling \$323,105.
